It Pays to insure with PLM

As an insurance company that has focused on the wood industry for our entire history, we have developed close ties to trade associations like the **North American Wholesale Lumber Association**. In addition to the endorsed safety group dividend plan, we support them through participation in meetings and conventions, outings, education, advertising and sponsorships.

PLM is pleased to be offering this dividend program to **NAWLA** and their members. The purpose of this plan is to reduce overall insurance costs of the group, by way of a dividend, through a conscientious program of loss prevention and reduction.

Participants have the opportunity to earn dividends based on the loss ratio of the group. **There is no fee to join!**
